General Secretary to Government of Mysore.

BANGALORE.

Sir,

Adverting to your letter No. 1010/C.B. 223-26 dated 23rd July 1927 communicating the approval of Government for the resolution of the District Board allotting a sum of Rs. 10,000/- from their closing balances for expenses in connection with the commemoration of the Silver Jubilee of the benign rule of His Highness the Maharaja of Mysore and stating that the formal Government order sanctioning the grant will issue after details of expenditure are reported to and approved by Government. I have the honour to state that a Sub Committee was appointed by the District Board to draft definite proposals for the utilisation of the amount in consultation with several leading public gentlemen. Officers and the members of the District Board

The Sub Committee after collecting and consolidating the different proposals suggested by several persons, considered the question at their meeting convened on the 17th December last in all its aspects in the light of the various proposals received by them and finally resolved that a sum of Rs. 5,000/- be set apart for erecting a Central Library at the Head Quarters of the District while the remaining amount of Rs. 5,000/- be distributed amongst the several Taluks of the District for establishing free Libraries to be called "Silver Jubilee Libraries."

The resolution of the Sub Committee as also the opinion obtained from several persons in respect thereof, were placed for final discussion of the District Board at their Special meeting convened on Saturday the 28th ultimo when the question was thoroughly discussed from all stand points and after full consideration and a prolonged discussion the members present unanimously expressed their earnest desire to construct a building of their own for locating the District Board Office in view of the fact that they have already approached the Government to allow them the privilege of having a non-official President for their Board.

The District Board Office has been now located in a portion of the Deputy Commissioner's Office building which the Board apprehended they may be demanded to vacate at any moment particularly on account of the paucity of sufficient and adequate accommodation for housing the several Courts and other Offices which are now proposed to be displaced from their respective permanent buildings to make room for the construction and establishment of large medical institutions out of the donations made by Messrs. Tharmaprasas, A. Channire Gowda and M.L. Nagappa Setty.

Considering the present situation for housing the several Government offices and Courts as well as the prospective sanction of Government to the Board's proposal to have a non-official President, - they found it inevitable to have an independent buildings for their office and also to locate the Library which they propose to establish as an adjunct to their office. They therefore found that the construction of a decent building to meet all their desired objects would necessarily require an appreciably larger sum than the amount they had originally voted for the commemoration of the Silver Jubilee, and accordingly they unanimously resolved that instead of Rs. 10,000/- as already proposed, a sum of Rs. 25,000/- be allotted from out of their Closing balance for the commemoration of the event in a fitting manner and that out of this amount a sum of
